Links for all tools used:

MS teams :

https://teams.microsoft.com/l/channel/19%3a9WgJKiVZ9HKQBXbpxKmR_XAGlNSAu0z2eDpdOaTT0Aw1%40thread.tacv2/General?groupId=b4c4fbf3-61a1-4f53-8c65-789f10ef0d01&tenantId=d1323671-cdbe-4417-b4d4-bdb24b51316b

Github Repo : https://github.com/DavidAziz3825605/G03-Software.Eng-Tools-and-Process

Jira: https://sept-tues-group3.atlassian.net/jira/software/projects/SG3/boards/1/backlog

Slack: https://app.slack.com/client/T029A5N6Z32/C028SLRQCUC

Note: We used slack for the first couple of days but then decided to switch to MS teams as our main form of communication between all the group members. Hence we don't use slack anymore unless there is a problem with MS teams

Figma:

https://www.figma.com/file/e1F9BzSgnOTaocM8aJ2S1e/Design?node-id=0%3A1

Also Most UI kits are taken from link below

https://www.figma.com/community/file/876022745968684318

NOTE:

Every member of the group is in each of the tools linked above and it also shared with our tutor Reza
